

Real-World Labs

In order to excel in competition in the world of work, STMIK AMIKOM Yogyakarta equips graduates with real experience at AMIKOM'S enterprises (BUMA) as real laboratories of the world of work.

RBTV

RBTV is in charge of TV broadcasting which has such excellent programs as the Secrets of Business, Quiz Plat AB, Cross Border Space & Time, and 'Apa Kabar Jogja'. Students can learn to manage the TV station as program planning, production and post-production events, and broadcasting. Website: <http://www.rbtvjogja.com>

TE-CS Computer Shop

TE-CS Computer Shop, with the slogan 'Maximize your PC', has excellent services of hardware and software consultancy as health clinics. Each customer will get the right solution, so each computer as the output of TE-CS has a maximum performance. Here, students can learn to manage a business such as the provision of computers, assembly and service.
